Health Professions / All Other Majors

Subject Line: There's value in a USciences education

Preview Line: Submit your Top Scholar Application for scholarship consideration.

You'll benefit from a USciences education—apply now

[firstname],

We'll help you afford our high-quality, health-and-science-focused education with a variety of financial aid options.

We offer a focused curriculum, hands-on learning opportunities, and industry connections that allow you to gain **practical experience** in the field.

You'll be prepared to work in five of the top 15 best jobs in the U.S. today, including dentist, physician, physical therapist, physician assistant, and occupational therapist—and in the growing field of pharmacy. And you'll be ready to meet the demands of today's workforce when you graduate.

You'll be prepared to work in some of the most groundbreaking careers in healthcare and the sciences today, including biomedical scientists, physicists, pharmaceutical chemists, and more. And you'll be ready to meet the demand of today's workforce when you graduate.

Are you ready? **Submit your Top Scholar Application by November 15 for scholarship consideration** (https://recruiter.usciences.edu/Datatel.ERecruiting.Web.External/Pages/Login.aspx?utm_source=email&utm_medium=url&utm_content=application&utm_campaign=2015-16_Noel_Levitz_Top_Scholars).

You can also apply to USciences using the **Common Application.** (<https://www.commonapp.org/Login>)

Best,

Pete Nacy
Associate Vice President of Enrollment Management

Outreach 3

Health Professions / All Other Majors

Subject Line: Pursue your future in healthcare / Pursue your future in the sciences

Preview Line: Apply now to work with scientists and researchers who change the world.

Join the next generation of researchers and innovators

[firstname],

USciences faculty members are **leading researchers** in their fields, so it make sense that scientific exploration and discovery are as much a part of our culture as teaching and mentoring.

As a student, you can **do research as early as your freshman year**. Maybe you'll discover an edible plant that kills leukemia cells, develop a biosensor to see how well blood clots in the body or create a physical therapy regimen for stroke patients.

Hone your skills at USciences and graduate ready for your future in healthcare or the sciences. **Submit your Top Scholar Application by November 15 for scholarship consideration** (https://recruiter.usciences.edu/Datatel.ERecruiting.Web.External/Pages/Login.aspx?utm_source=email&utm_medium=url&utm_content=application&utm_campaign=2015-16_Noel_Levitz_Top_Scholars).

You can also apply to USciences using the **Common Application.** (<https://www.commonapp.org/Login>)
